

Trouw Nutrition GB Pet Food Safety Policy

- Trouw Nutrition GB is a leading global animal nutrition company for the supply of innovative and safe feed to food solutions to the Pet Food Industry, through quality assured processes first time and every time.
- Whilst environmental, ethical and sustainability values are core to the business, the Food Safety Management System (FSMS) adapts and evolves to manage new challenges through continuous improvement.
- Through clearly defined objectives for all employees, aligned with our food safety and quality policies, Trouw Nutrition GB demonstrates its commitment towards the provision of products and services that are safe for consumption, satisfy corporate standards, meet or exceed customer requirements and comply with all statutory and regulatory requirements.
- By monitoring our performance against established objectives and through leadership that promotes employee involvement, we strive to improve the effectiveness of our FSMS. This concept underpins our total commitment to ensuring the safety and security of our part of the food chain. We recognise our responsibility towards all of customers to protect their businesses and customers through the supply of safe food products sustained by a culture of continuous improvement.
- We accomplish these aims by adhering to our FSMS and operational methods that recognise food safety and customer satisfaction as our primary goals.
